

# Vegetable Oils

In the plant oil sector our customers profit from our long-standing experience and profound know-how. Due to the high content of Omega-3 and Omega-6 fatty acids, fatty oils are outstandingly significant in the pharmaceutical and cosmetic industry and in food production. It is the considerate selection of seeds, gentle pressing and refining processes, and a comprehensive analysis that warrant for highest product quality. Oils from controlled organic cultivation complete our range.

<u>Article no.</u>	<u>Product name</u>	<u>Unit</u>
20-000035	<b>Black Currant Oil</b> (refined)	50,190 kg
